

GAP INC. POLITICAL ENGAGEMENT POLICY

At Gap Inc., we believe that it is important to participate in political and regulatory processes on issues that affect our business and community interests. We work proactively to enable Gap Inc.'s strategies through public policy and government advocacy. We also participate in political activities and advocate for legislation when there is a connection to our business and our ability to grow the business in a way that is consistent with our values, our legal obligations, and our Codes of Business Conduct and Vendor Conduct. For example, in the past we have been active in policy discussions and have lobbied on issues related to trade, tax, workforce, privacy, ports/infrastructure, and environmental issues. Gap Inc. only takes positions on ballot measures, initiatives or propositions that have a direct impact on our business.

Corporate Political Contributions

Gap Inc. participates in the political process by using corporate funds to make political contributions to committees and ballot initiatives that further our business strategies, community interests and public policy objectives. Our Government Affairs department manages and oversees the Company's political activities. All corporate political contributions are reviewed and approved in advance by both the (i) Vice President of Government Affairs and (ii) the Chief Growth Transformation Officer. Before any contribution is approved, we carefully review the recipient's standing and position to ensure alignment with our business. No contributions are made based on the personal interests of any employee or director. All contributions are given in compliance with Gap Inc.'s internal policies.

In FY 2021, Gap Inc. made four corporate political contributions. In FY 2021, Gap Inc. did not make any contributions to 501(c)(4) organizations that may be used for political purposes. Gap Inc. Political Action Committee (Gap PAC)

Gap Inc. supports employee participation in the political process and provides eligible employees with the opportunity to contribute to the Gap Inc. Political Action Committee (Gap PAC). Gap PAC is a separate legal entity, with its own oversight council, and is funded solely from voluntary contributions made by eligible Gap Inc. employees, directors, stockholders, and their families. Gap PAC supports candidates and committees that best support our business goals and strategies.

Gap PAC was formed to impact public policy relevant to our business interests, guided by our company purpose to be inclusive, by design. The slate of giving is overseen by an internal PAC Council comprised of individuals from legal, government affairs, store operations, and logistics. Other PAC Council members may be added.

The PAC Council bases its giving decisions on a number of factors, most importantly the policy positions of individual candidates, committees and organizations on issues that impact our business priorities. Other factors that are considered include

- Serving in leadership in the House or Senate
- Members of key committees of jurisdiction on issues relevant to our business, notably the House Ways & Means and Senate Finance Committees
- Members representing states and congressional districts where Gap Inc. has a significant presence.

The Vice President of Government Affairs manages and oversees all Gap PAC contributions after consultation and approval by our internal PAC Council. All Gap PAC contributions are made in a legal, ethical and transparent manner in accordance with federal laws and regulations governing political action committees. All Gap PAC contributions are fully and publicly disclosed in reports filed with the Federal Election Commission (FEC).

In Calendar Year (CY) 2021, Gap PAC made \$81,500 in political contributions and had \$90,285.44 in incoming receipts. We report Gap PAC political contribution spending on an annual or quarterly basis per FEC reporting requirements. Gap PAC's FEC reports can be found on the FEC website.
